When Life is Unfair
Job 1:20-22

Pastor Mike took us on a walk through of the life of Job. Job lost everything but remained firm in his faith and love for God as he traveled this road of sorrow and pain. Mike suggested three important truths out of this review: For the complete message see his notes on the website.

- Rule keeping religion is as old as man.
- True relationship with God means trusting God's choices for you.
- The anguished soul finds its deepest comfort in God's presence.

Questions to enhance our learning from the message:

1. How have you dealt with major disappointments, awful losses, when God allowed it for you or a loved one?
2. If you have ever been angry with God, what were the results of not sharing it with Him?
3. Is there any thing that you are struggling with at the present?
4. What are ways you can encourage others presently going through deep waters?
5. Do you know individuals now that are in the midst of trouble? Pray for them as a group or break up into trios and pray for them.
