Ezekiel 37

1. Review the overall theme(s) of the message. What points served to support the message? What are your reactions to it? Where did it have a connection with other truths in Scripture? In what ways did it challenge your understanding?
2. How is it that Ezekiel's stance toward God can serve to inform our approach to the situations we see in life? Is it different than the way that you/we usually think about things?
3. How might we apply this to our lives? (*Don't forget prayer, intimacy with God.*)
4. Are there things that we as a small group could do that will promote our growth in this area? (*Don't forget prayer...*)
