The Ugliness of Female Abuse
Genesis 34

1. Read chapter 34. This is a difficult story. Why would we even study a chapter like this?
2. While Dinah was one responsible for what happened to her, she may have foolishly put herself in harms way. How is this so?
3. Pastor John quoted Grant Porter as saying this reads like a Semitic soap opera in which everyone had a different response. What was the perspective of each of the individuals/groups?
4. How specifically was Jacob's response deficient?
5. To what degree did any of the individuals in the story consider the heart of God?
6. How can this story be helpful to fathers, husbands, and men of God in general?
