Re-thinking Divorce
Matthew 5:31-32

Questions for Life Groups:

1. Read this week's scripture, Matthew 5:31-32, as well as Matthew 19. What do these say about God's design for marriage?
2. Jesus is not emphasizing the things that make divorce permissible, as much as He is making a statement about the sanctity of marriage and the seriousness of sexual sin. How does 5:31-32 relate to 27-30?
3. For those of you who are married, what qualities do you bring to your relationship that can serve to keep it strong?
4. We are to be the church in our society today. How would you counsel a friend who is seeking a divorce?
5. In your own life, married or single, how did God speak to you as a result of this week's lesson?
