Are We Ready for the End?

Matthew 24

Questions for Life Groups:

In Matthew 24 Jesus is giving us a lot of information regarding the end times in Matthew 24. Please read Matthew 24 and be prepared to discuss the following in your group.

1. What are the five indicators that signaled the temple was about to be destroyed? Should we be looking for similar signals today?
2. What does this chapter say to contemporary prognosticators like Camping and LaHaye?
3. Jesus warned us to be discerning, and not gullible. According to the text and the lesson, how are we to be discriminating between the false and the true? What are we seeing today and how are we to understand those events in light of this text?
4. The third admonition to us is to be awake, to be ready. We are to be awake to 3 things, what are they, and how are we to do that?
5. The lesson gave an illustration of a fire station and firemen in preparation for the next fire alarm. Does your life reflect a certain readiness? What does that practically look like?
